

2009 Teen Institute

What is Teen Institute

Teen Institute is a fun and exciting youth leadership and prevention conference where you can learn and share creative ways to build peer support networks against the problems facing teens today. At Teen Institute, you will have the opportunity to meet students from Racine County schools and participate in fun and educational workshops. Our workshops cover a wide range of topics including alcohol and drug abuse prevention, team building, and many others! One of the most popular workshops is the high ropes course, a thirty-foot high course that helps students gain more confidence and emphasizes peer support.
